NEW PRINCIPAL AT CASTLEWOOD

Mr. Steve Banner

It has been my honor and privilege to have been associated with the students and faculty of Castlewood High School this year. Through the combined efforts of all of us working together I feel we have had a very successful year.

I feel we have been successful in coordinating a program of academics and activities which has been challenging as well as exciting. A total overall program that has enabled the students to be involved in new and different experiences, which I feel is one of the basic principles of education.

I look forward to next year with a great deal of anticipation. We are planning changes in our curriculum that will add excitement and enthusiasm to the learning process. Education is a continuous learning process for students, faculty and administrators alike. This is why I hope you will join me in moving forward toward our goal to make Castlewood High School an even greater learning institution than it already is.

As we look forward to the end of school and all the fun and activity we will be involved in, we are faced with one somber fact. That is the graduation of our Senior Class. They have become very familiar fixtures at Castlewood High School and will be greatly missed. As with life, however, those of us who remain at Castlewood High School will go on, guided by the leadership of those who have gone before to new and even greater heights.

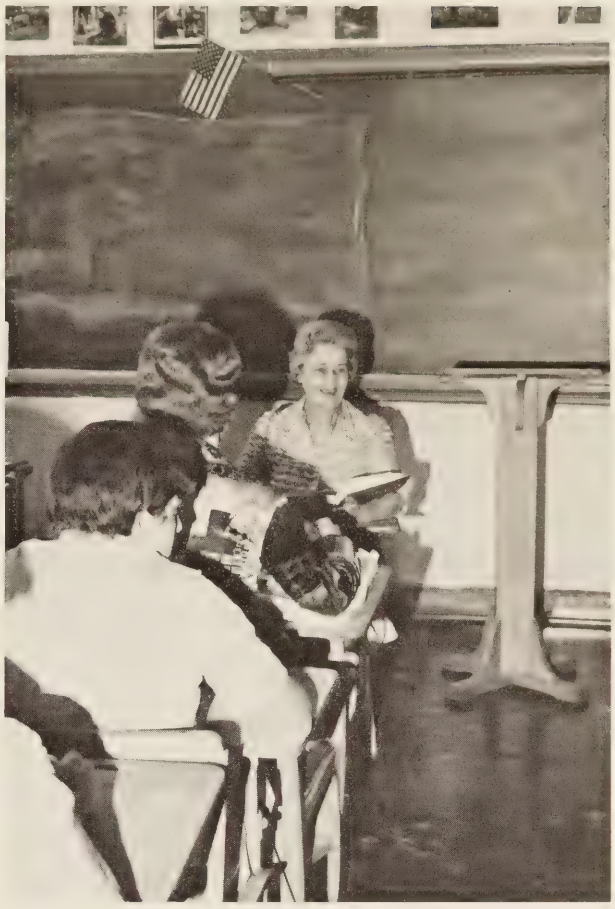
DEDICATION

We, the Castletonian staff, dedicate this book to a most gracious and esteemed lady, Mrs. Nell P. Jordan. To one who has given faithful service to our school and community, and has always listened to our problems with thorough understanding, we extend our grateful appreciation.

It is through the profound respect for her ability, integrity of character, and the contact with such a personality, that we, as young people in search of knowledge, are able to find standards and ideals by which we may be guided.

MRS. NELL P. JORDAN

Mrs. Jordan was always willing to help her students in any way.



She always taught her classes with a cheerful attitude and a happy smile on her face.

Mrs. Jordan quietly ponders thoughts of her teaching career.
